Norwich Public Utilities 1.0 MG Water Storage Tank
Lynch Road, Lebanon, CT
January 22, 2014

Proposed Site Plan for NPU Storage Tank

Benefits to the Town of Lebanon

- Provide annual income to Lebanon for land lease
- Improved fire protection
- Improved service to the Southeastern Council on Alcoholism and Drug Dependency, Inc.
- Potential use of radio repeater on tank for Lebanon's emergency services

Benefits to Norwich Public Utilities

- Improved fire protection
- Allows for more consistent operation of water treatment plant
- Emergency storage for power outages, main failures or other system emergencies
- Allow the water treatment plant to shut down for short periods to conduct maintenance or repairs.
